ENVOY COACHES' INSTITUTE

WHY ENVOY COACHES' INSTITUTE?

Did you know that just 3 of 25 previous participants endorsed having any training in providing non-evaluative feedback for classroom observations? And 5 of 25 participants felt they had the knowledge needed to provide classroom management specific feedback? Our teachers need us more than ever! Join this opportunity to build your skills now.

WHAT IS ENVOY COACHES' INSTITUTE?

Join a small cohort of professionals to deepen your ENVoY Learning and gain unique strategies for delivering NON-EVALUATIVE feedback to teachers focusing upon classroom & student management. Through intense daily schedules of classroom observations, participants will engage in hands-on learning throughout the institutes. Participants will have access to a virtual Coaches' Community of Practice to continue implementation/ application support.
